Master (3 seats plus 2 wheelchairs)

Vauxhall

Vivaro

Volkswagon

Shuttle
Transporter

Executive Car Status - Guidance.

Following a meeting with members of Telford Operators and Drivers Associations the following list has been drawn up in relation to the licensing of Executive vehicles.

The list of vehicles and trim levels are to be seen as a guide as to what vehicles are appropriate to be licensed as Executive vehicles by Telford & Wrekin Council. If an operator is thinking of asking the Licensing Team to licence another type of vehicle they are advised to speak to a member of the Licensing Team in advance of purchasing the vehicle.

The following are general guidelines as to what is required in terms of condition and equipment:

- a. the vehicle must be immaculate condition.
- b. the vehicle needs to be large enough to carry at least three passengers and their luggage.
- c. the vehicle will have air conditioning or climate control and alloy wheels.
- d. the vehicle may have tinted windows but not so strong that you cannot see into the vehicle.
- e. the vehicle must be maintained to a very high standard.
- f. the passenger capacity will be restricted to the number of seats for adults.

It is agreed that the following types and makes of vehicle will normally be licensed as executive vehicles if they comply with the above criteria:-

List of Executive Vehicles

Vehicle
