

Telford & Wrekin Primary Science Conference 2024

Summary:

Our Primary Conferences always provide outstanding learning opportunities linked to topical developments in Primary Science teaching alongside time to talk and share ideas with other Primary practitioners. During this conference we aim to inspire and challenge thinking and to provide practical approaches for implementation.

Keynote: "Asking Scientific Questions – it's trickier than you think"

When do your pupils know they have a scientific question worth investigating? It's trickier than we think and asking and building better questions is an art worth honing. This keynote will showcase how primary pupils can be supported to improve their scientific question asking.

Speaker: Tina Whittaker (Co-Lead, Science Across the City)

Workshops:

- Science and SEN
- Developing learners effective use of equipment
- EEF report: "Improving Primary Science"
- What's new from CLEAPSS?
- Working Scientifically
- AI in the primary classroom
- Using science to help hook young children into reading
- Focus; focus; focus! Focussed recording for purposeful practical science
- The STEM Gap: Mapping out gender equality in STEM

28 June 2024

Start Time: 09:15
Finish Time: 15:30

Venue:

Holiday Inn,
Telford

Cost

£120 (+VAT)

*A 70% Teacher Release Payment subsidy is available to Maintained schools. Enter code **TRP2224** at the point of booking (please note that this will not immediately reduce the price. Your school will be invoiced the full amount and then, once attendance to the event has been confirmed, the payment will be released back to the school)
