## 1 Introduction

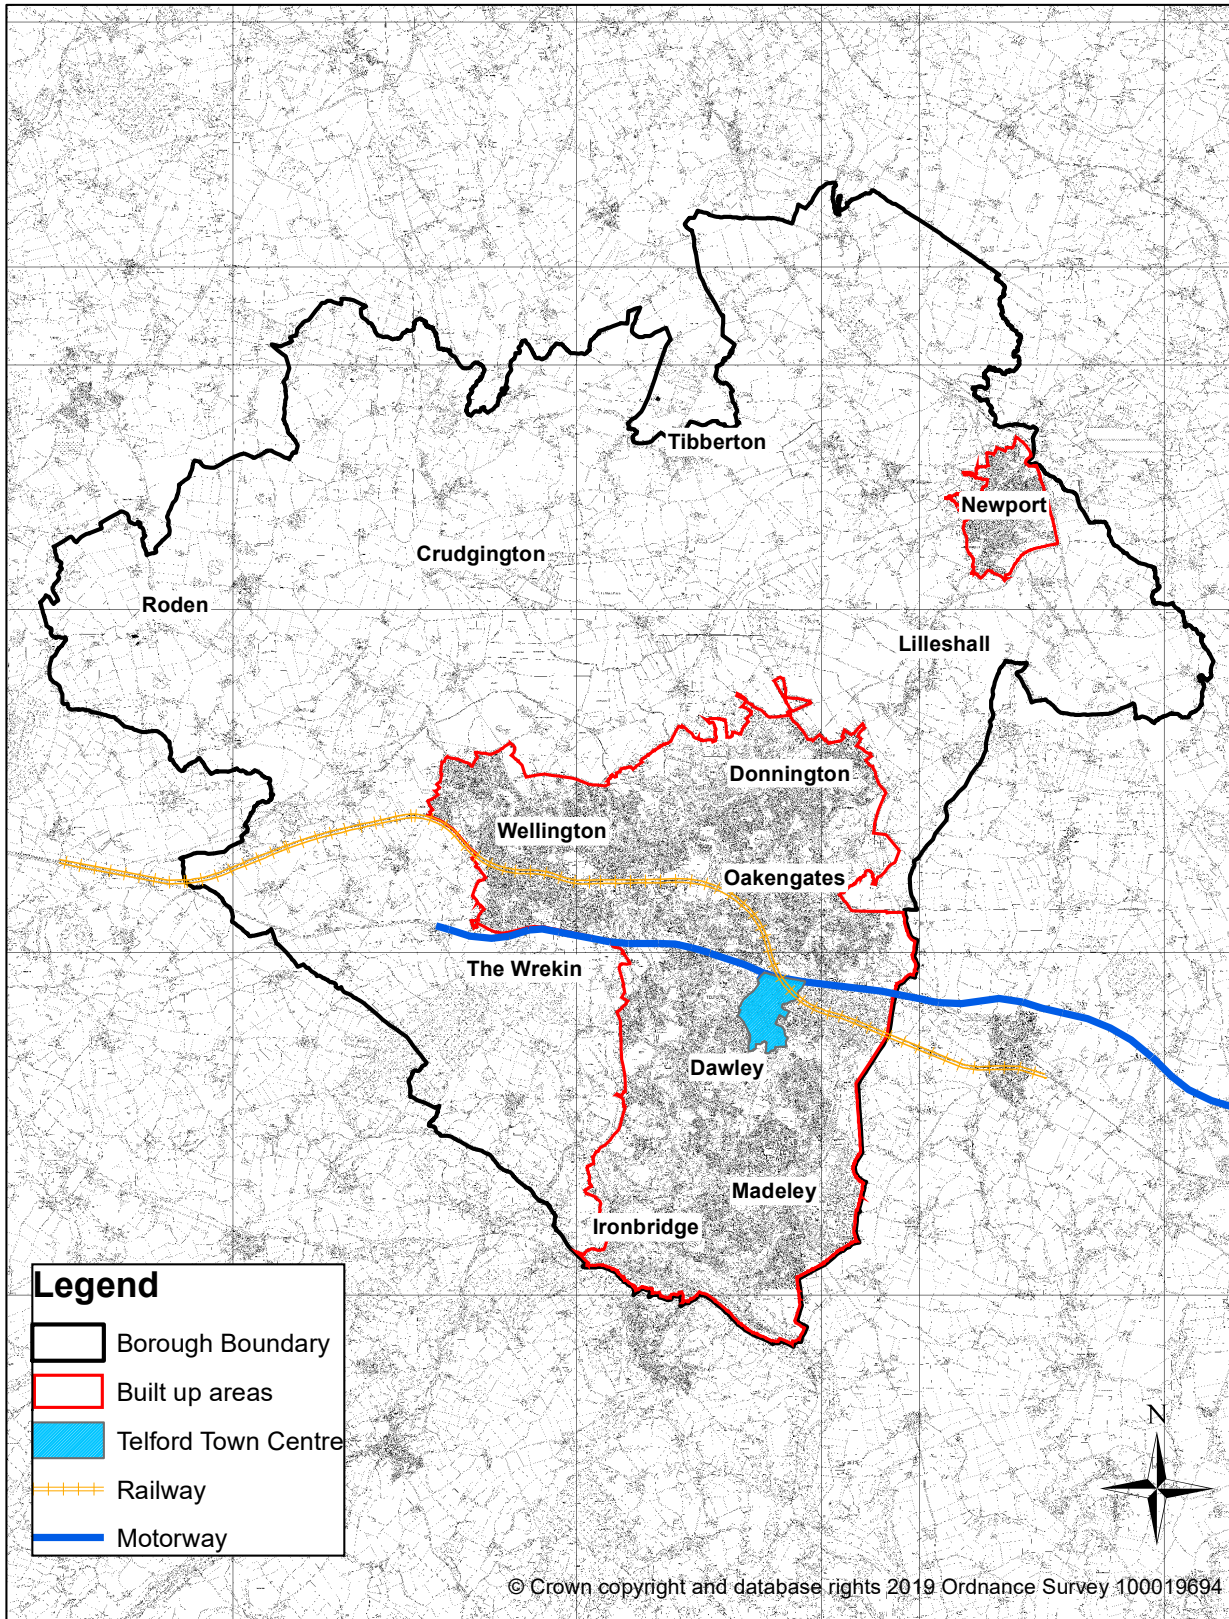

**1.0.1** The Annual Monitoring Report (AMR) reviews Plan-making progress and assesses the implementation of adopted planning policies for the Borough of Telford and Wrekin. This report covers the financial year of 1 April 2023 - 31 March 2024 unless otherwise stated. The AMR refers to policies in the Telford & Wrekin Local Plan 2011-2031 which was adopted in January 2018 and where possible, it sets out the monitoring data by the three Local Plan areas of Telford, Newport and the rural area, as defined on the Map of the Borough (Map 1).

**1.0.2** The Council is required to make its AMR publicly available under Regulation 34 of the Town and Country Planning (Local Planning) (England) Regulations 2012. The AMR must be published at least annually and include information on progress with development plans and related activities. To aid monitoring, a set of indicators linked to the Local Plan objectives have been established. These indicators are set out in Appendix A of the Local Plan and are reported on in this report.

**1.0.3** For further information on planning policy for Telford & Wrekin, please visit the Council's website<sup>(1)</sup>.

### 2 Housing

**2.0.1** This section provides information related to the progress of housing delivery in Telford & Wrekin for the monitoring year 2022-2023.

#### 2.1 Housing Completions and Commitments

**2.1.1** Table 2.1 shows the rate of net housing completions during the Local Plan period since 2011. The information is split by Local Plan strategy area - Telford, Newport and the rural area.

**Table 2.1 Housing Completions by Local Plan Strategy Area 2011-2024**

	Telford	Newport	Rural Area	Total
<b>2011-2012</b>	622	82	16	720
<b>2012-2013</b>	589	14	4	607
<b>2013-2014</b>	788	39	15	842
<b>2014-2015</b>	946	87	41	1,074
<b>2015-2016</b>	1,031	204	20	1,255
<b>2016-2017</b>	944	175	29	1,148
<b>2017-2018</b>	802	201	64	1,067
<b>2018-2019</b>	1,127	136	82	1,345
<b>2019-2020</b>	944	5	42	991
<b>2020-2021</b>	684	34	99	817
<b>2021-2022</b>	1,099	167	207	1,473
<b>2022-2023</b>	1,308	227	197	1,732
<b>2023-2024</b>	1,022	67	206	1,265
<b>Total</b>	11,906	1,438	1,022	14,336

**2.1.2** Recent years have continued to see a high delivery rate of new dwellings. In the year 2023-2024 there were 1,265 net dwelling completions with the majority delivered in the Telford built-up area.

**2.1.3** Table 2.2 shows the housing commitments at the end of March 2024 which comprises of dwellings under construction and dwellings with planning permission but not started. There were 1,222 dwellings under construction with the majority being located in the Telford built-up area. On this basis it is not unreasonable to suggest that completions will continue to meet the Local Plan housing requirement for the Borough (864 dwellings per year) in the coming year.

## 2 Housing

2

**Table 2.2 Housing commitments (under construction and not started) at March 2024**

	Under construction	Not started
<b>Telford</b>	1,002	3,588
<b>Newport</b>	119	301
<b>Rural</b>	101	255
<b>Borough total</b>	1,222	4,144

**2.1.4** The total number of dwellings not yet started at March 2024 was 4,144. The majority of this supply continues to be in Telford town. This is broadly consistent with the Local Plan distribution of housing across the borough.

**2.1.5** Details of individual housing site completions and commitments for 2023-24 are provided in the appendices to this report.

### Affordable Housing

**2.1.6** The amount of affordable housing completed and transferred to Registered Providers in 2023 -2024 was 265 homes. These figures include dwellings provided as part of an affordable housing schemes and also sites where a contribution was provided through a Section 106 legal agreement. It also captures housing secured through Homes England Grant.

**2.1.7** Table 2.3 shows that since the beginning of the Local Plan period in 2011 approximately 4,034 affordable dwellings have been delivered and transferred to Registered Housing Providers across Telford and Wrekin, an average of 310 dwellings each year.

**Table 2.3 Affordable housing completions 2011-2024**

### 2.2 Housing Land Provision 2023

**2.2.1** The housing trajectory makes certain assumptions regarding existing and future land supply based on the housing sources in Table 2.4. It is assumed that the residual supply in Table 2.4 will come forward during the plan period; this target has reduced in recent years through the delivery of new sites. Given the inclusion of non-implementation rates on future sources of supply, as detailed in Table 2.4, this is considered to be a worst-case scenario and it is likely that overall housing land supply, including from site allocations, will be sufficient to deliver the housing requirement.

**2.2.2** Details of individual site completions and commitments for 2023-24 are in the appendices to this report.

## 2 Housing

**Table 2.4 Housing land provision for the borough 2011-31 (at 31 March 2024)**

		Gross	Net
A	Net completions (2011-23)		14,390
B	Dwellings with planning permission (under construction)		1,222
C	Dwellings with planning permission (not started)	4,144	
D	Less 20% allowance for non-implementation	829	3,315
E	Total existing supply (A+B+D)		18,927
F	Supply from resolution to grant sites	0	
	Less 20% allowance for non-implementation	0	0
G	Telford & Wrekin Local Plan site allocations	250	
	Less 20% allowance for non-implementation	50	200
H	Windfall allowance (sites 0.1 ha or less)		180
I	Total future supply (F+G+H)		380
J	Total housing land provision (2011-2031) (E+I)		19,307

**2.2.3** The Council is required to identify and update annually a supply of specific deliverable sites sufficient to provide four years' worth of housing against its housing requirement as per the National Planning Policy 2023. The purpose of the four year housing land supply is to provide an indication of whether there are sufficient sites available to meet the housing requirement set out in the Telford & Wrekin Local Plan for the next four years.

**2.2.4** The Council prepares a statement each year setting out its housing land supply position over the next four years. The annual statement clarifies the methodology and assumptions used and these are based on national planning policy and guidance. The 2023-24 Housing Land Supply Statement demonstrates that the Council has in excess of a four year housing land supply and can be viewed on its website <sup>(2)</sup>.

## 2.3 Housing Trajectory

**2.3.1** The housing trajectory assumes a level of supply necessary to deliver the Local Plan housing requirement of 17,280 net new dwellings by 2031. The figure below illustrates the number of completions that could be expected during the remainder of the plan period, projected forward from the end of March 2024. The performance against target measure illustrates the likely progress towards achieving the planned level of growth over the plan period.

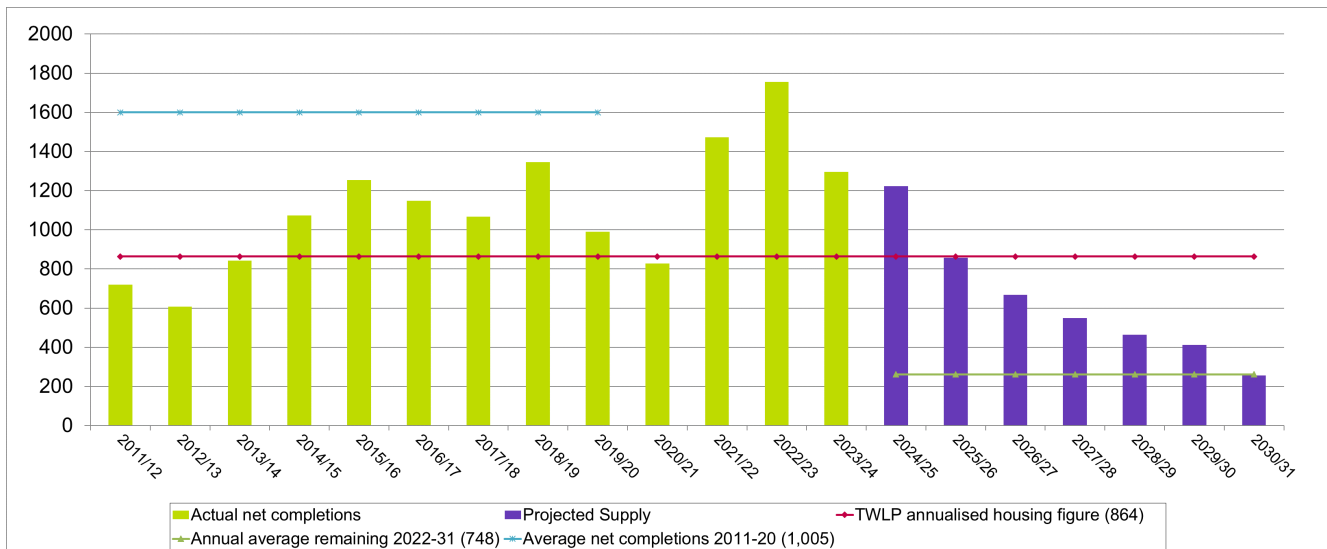

2 [https://www.telford.gov.uk/info/20455/land\\_supply\\_and\\_monitoring/123/five\\_year\\_housing\\_land\\_supply\\_statement](https://www.telford.gov.uk/info/20455/land_supply_and_monitoring/123/five_year_housing_land_supply_statement)

## 2 Housing

**2.3.2** The period covering 2024 to 2028 has been informed by an assessment of the likely delivery from identified sites as part the Council's five year housing land supply update (see above). Housing delivery is expected to exceed the annual requirement for the foreseeable future. The latest position demonstrates there is a robust housing land supply.

**2.3.3** The housing trajectory makes certain assumptions regarding existing and future land supply. This includes a notional supply from other sources such as site allocations which at 200 dwellings (see Table 2.4) helps towards achieving the housing requirement. The calculations have been made on the assumption that, beyond a small allowance for windfall housing coming forward (equivalent to 30 dwellings per year over eight years) no additional land on unallocated sites (without planning permission) will come forward before 2031. Consequently, this is considered to be a worst-case scenario and it is likely that overall housing land supply, including from site allocations, will be sufficient to deliver the housing requirement.

**Picture 1 Housing Trajectory**

### 2.4 Gypsies and Travellers

**2.4.1** The Gypsy and Traveller Accommodation Assessment for Telford & Wrekin (2014) identified the following net need over the plan period to 2031:

- 32 permanent pitches; and
- 11 transit pitches.

**2.4.2** There was one planning application for Gypsy and Traveller accommodation during the monitoring year under application reference TWC/2023/0144.

# 3 Development Plan Documents

## 3 Development Plan Documents

### 3 Development Plan Documents

**3.0.1** The Council's development plan at March 2024 comprised the following documents:

- Telford & Wrekin Local Plan (2018);
- The Madeley neighbourhood development plan (2015);
- The Waters Upton neighbourhood development plan (2016);
- The Edgmond Parish neighbourhood plan (2018);
- The Newport neighbourhood development plan (2018);
- The Lilleshall Parish neighbourhood plan (2018);
- Donnington and Muxton Neighbourhood Plan (2022);
- Ercall Magna Parish Neighbourhood Plan (2023);
- Tibberton and Cherrington Neighbourhood Plan (2021)

**3.0.2** The Council will also prepare new Supplementary Planning Documents (SPDs) to support the Local Plan. Two SPD's were adopted this monitoring year. The Climate Change guidance for Development SPD was adopted in July 2023. The Ironbridge Gorge World Heritage Site SPD was adopted in July 2023.

#### 3.1 Local Development Scheme

**3.1.1** The Local Development Scheme (LDS) explains which planning policy documents make up the Telford & Wrekin Development Plan and is a requirement of the Planning and Compulsory Purchase Act 2004 (as amended). The LDS identifies which development plans will be produced, in which order and when.

**3.1.2** The current LDS is available on the Council's website<sup>(3)</sup>.

# 4 Duty to Cooperate

## 4 Duty to Cooperate

### 4 Duty to Cooperate

**4.0.1** Under Section 110 of the Localism Act 2011 Councils and public bodies have a legal duty to 'engage constructively, actively and on an ongoing basis' in the preparation of Local Plan documents, including in the preparation of evidence to underpin these documents. The NPPF states that local planning authorities are under a duty to cooperate with each other, and with other prescribed bodies, on strategic matters that cross administrative boundaries.

**4.0.2** The Council engaged constructively, actively and on an on-going basis in the preparation of the Local Plan and met the duty to cooperate. It has, and continues to, engage with immediate neighbouring authorities, the West Midlands region and other relevant bodies in order to address specific strategic matters. Examples include joint working in respect of the Ironbridge Gorge World Heritage Site and the Shropshire Hills Area of Outstanding Natural Beauty, as well as co-operation with bodies such as Natural England and the Environment Agency in respect of specific Local Plan issues such as biodiversity, waste and water planning and flood risk assessment.
